He was not the fool of sellsh financial interests, but dured to oppose them. He resily incarnated the principles which most men only talk of.

Therefore, we all hope he will camp back. But even if he doesn't, the principles of justice and equity, which he enforced, have taken such root in the minds of our people, that no power on earth can stop the growth of those ideas, and if England won't help us to carry them out, she will find them turning against her. Surely American public opinion will understand this. We have faith in a helping as in our fight against foreign domination.

'Can't Cut Off My Leg" Says Railroad Engineer

"I am a railroad engineer; about 20 years ago my leg was seriously injured in an accident out West. Upon my refusing to allow the dector to amputate it I was told it would be impossible to heal the wound. I have tried all kinds of salves and had many dectors in the past 20 years, but to no avail. Finally I resolved to use PETERSON'S OINTMENT on my leg. You cannot imagine my assonishment when I found it was doing what ever 100 things had failed to do. My leg is now completely cured."—Gus Hauft, 773 Myrtle Avenue, Brockiyn, N. Y.
"It makes me feel proud to be able to produce an ointment like that," says Peterson of Infailo. Not only do I guarantee Peterson's Ointment for old sores and wounds, but for eczema, sait rheum, ulcers, chaing, itching skin and blind, bleeding or itching piles and I put up a big box for 35 cents at all druggists, a price all can afford to pay and money tack if not satisfied."
